

The Missing Bitcoin — Official Rules

Last updated October 26, 2026

NO PURCHASE OR PAYMENT OF ANY KIND IS NECESSARY TO ENTER OR WIN. A PURCHASE OR PAYMENT WILL NOT HELP YOU WIN. THE CHAMPION IS DETERMINED SOLELY BY SKILL. PLACEMENT PRIZES (2ND THROUGH 10TH) ARE AWARDED BY A RANDOM DRAWING IN WHICH EACH COIN COLLECTED IS ONE ENTRY; ODDS DEPEND ON THE NUMBER OF ENTRIES RECEIVED FROM ALL ELIGIBLE PARTICIPANTS. RESIDENTS OF NEW YORK AND FLORIDA ARE NOT ELIGIBLE FOR PLACEMENT PRIZES. THE REFERRAL BONUS GOES TO WHOEVER REFERRED THE CHAMPION, AS DESCRIBED IN SECTION 8. OPEN TO PARTICIPANTS 13 AND OLDER; PARTICIPANTS UNDER THE AGE OF MAJORITY NEED A PARENT OR GUARDIAN'S PERMISSION. VOID WHERE PROHIBITED OR RESTRICTED BY LAW.

By playing The Missing Bitcoin, you agree to these Official Rules and to the decisions of the Sponsor, which are final and binding. If you are a Minor (Section 3), your parent or legal guardian must also agree to these Official Rules before you play.

1. Sponsor

The Missing Bitcoin (the "Contest") is sponsored by Farworld Labs, Inc., doing business as Remix, 1500 N Grant St, Ste R, Denver, CO 80203 ("Sponsor," "Remix," "we," or "us"). Apple Inc., Google LLC, Microsoft Corporation, Discord Inc., X Corp., and any other platform or app store do not sponsor, endorse, or administer this Contest and are not involved in it in any way.

2. Contest Period

The Contest begins at 2:00:00 p.m. Eastern Time (ET) on October 26, 2026. It ends 24 hours after Sponsor's servers record the Champion's 60th Coin (Section 7), or at 11:59:59 p.m. ET on November 30, 2026, whichever comes first (the "Contest Period"). Sponsor expects the Contest to end in mid-November and will announce the end on the Contest Site and in the Remix apps. Coins, answers, and progress recorded after the Contest Period ends do not count. Sponsor's servers are the official timekeeper. Sponsor may publish dates for individual chapters, rounds, or puzzle releases inside the Remix apps or at remix.gg/the-missing-bitcoin (the "Contest Site"). Those dates form part of these Official Rules.

3. Eligibility

The Contest is open only to individuals who meet all of the following conditions when they enter:

1. **Age.** They are at least 13 years old, and at least any higher minimum age that applies where they live for taking part in an online contest or for consenting to the use of their personal data (for example, 14 to 16 in some European countries). Participants under the age of majority must follow "Minors" below.

2. **Residence.** They are not a resident of an Excluded Territory (below), and they are not physically located in one at any time while they participate.
3. **Account.** They hold one Remix account in good standing that they registered themselves. The account must have a verified email address, and they must have accepted the Remix Terms of Service.
4. **Sanctions.** They are not on any US government sanctions or restricted-party list, including OFAC's Specially Designated Nationals list, and they are not ordinarily resident in a country or region subject to comprehensive US sanctions.

Minors. A participant under the age of majority where they live (18 in most US states; 19 in Alabama and Nebraska; 21 in Mississippi; 19 to 21 in some countries) is a "Minor." A Minor may take part only with the prior permission of a parent or legal guardian (the "Parent") who has agreed to these Official Rules for themselves and on the Minor's behalf, and only under the Parent's supervision, as the Remix Terms of Service require. By playing, a Minor confirms they have that permission. Sponsor may ask for proof of the Parent's permission at any time and may disqualify a Minor who cannot provide it. The Parent must also meet the Residence and Sanctions requirements above. If a Minor is a potential winner, the Parent must complete verification under Section 9, and any prize is awarded and paid to the Parent on the Minor's behalf. Where local law does not allow a Minor to take part or to be awarded a prize, the Contest is void for that Minor.

Open worldwide. The Contest is open to eligible individuals in every country and territory except the Excluded Territories.

Excluded Territories. The Contest is not open to residents of, or anyone located in:

- **Places under comprehensive US sanctions:** Cuba, Iran, North Korea, and the Crimea region of Ukraine and the so-called Donetsk People's Republic and Luhansk People's Republic, plus any country or region placed under comprehensive US sanctions during the Contest Period.
- **Also excluded:** Brazil, Italy, Russia, Belarus, and the Province of Quebec, Canada.
- Anywhere else the Contest or its prizes are prohibited or restricted by law.

At Entry, each participant confirms that they are not a resident of, or located in, an Excluded Territory, and that taking part is lawful where they live. Sponsor will add to the Excluded Territories during the Contest Period only when the law requires it. Any change will be posted on the Contest Site. If the law prevents Sponsor from awarding a prize to a winner, that prize passes to the next eligible participant under Section 7.

Not eligible: employees, officers, directors, contractors, and agents of Sponsor and its parents, affiliates, and subsidiaries. This includes anyone who designed, built, tested, or had advance access to any Contest puzzle, world, answer, or solution. Also not eligible are the immediate family members (spouse, parent, child, sibling, and each of their spouses) and household members of any of those people.

Using a VPN, proxy, or any other tool to hide or misrepresent location is grounds for disqualification and forfeiture of all prizes. Sponsor may verify eligibility at any time. Any participant who cannot prove

eligibility is disqualified.

4. How to Enter

To enter, play The Missing Bitcoin in the Remix mobile app (iOS or Android), on Remix Desktop, or at remix.gg during the Contest Period (the "Entry"). By playing, you agree to these Official Rules, which are linked from the Contest Site and the Remix apps. You may start as a guest. Coins collected as a guest count once that account is signed in with a verified email address, including when a guest account is merged into an existing Remix account, as long as this happens before the Contest Period ends. Only participants signed in with a verified email address are eligible for prizes. Entry is free. No wager, deposit, or entry fee is required or accepted, and the skills-based wagering terms in the Remix Terms of Service do not apply to the Contest. Each person may enter once, with one account. Entrants may also invite friends with a referral link (see the Referral Bonus in Section 8). Inviting friends is optional and is never required to enter, play, or win.

You do not need Remix Pro, credits, Bits, loot boxes, or any other paid feature or item to enter, play, find any coin, or win. Paid items give no advantage in the Contest. If Sponsor learns that a puzzle can only be reached through a paid feature, Sponsor will provide free access or remove that puzzle from scoring.

5. How the Contest Works

The Contest is a hunt made up of playable worlds, logic puzzles, ciphers, and trivia. Participants find in-game collectibles ("Coins") and solve challenges that unlock later stages. There are 60 Coins in all. The puzzles, clues, and Coins are the same for every participant, except that a puzzle may have more than one version of equal difficulty. No Coin depends on a random outcome, and no Coin can be obtained from a loot box or other randomized item.

Coins. A Coin counts only when Sponsor's servers record it against the participant's account during the Contest Period. Sponsor's records are final.

Off-platform research. Some clues require research outside Remix, such as public websites, reference works, historical facts about Bitcoin, or decoding tools. Clues will never require a participant to buy anything, break any law or any website's terms, trespass, enter private property, contact or harass any person, or access a system without permission. Any clue that seems to require one of these is not a valid path, and participants must not attempt it.

Physical safety. No clue requires travel to any physical location.

Answers. Some answers are entered in the app and checked by Sponsor's servers. Sponsor may limit how often answers can be submitted. A limited number of answer submissions is part of the challenge, not a penalty.

Changes. Sponsor may fix, replace, or retire any puzzle that is broken, ambiguous, or compromised, and will announce any such change on the Contest Site. Progress already recorded under a retired puzzle will be credited fairly, as Sponsor decides in good faith.

6. Fair Play and Prohibited Conduct

Participants must solve challenges with their own skill. Sponsor may disqualify a participant, void their progress, and withhold or reclaim any prize if Sponsor reasonably believes the participant:

1. Used more than one account, shared an account, or played on someone else's behalf. A Parent may supervise a Minor's play but may not play for them.
2. Used bots, scripts, automated tools, modified clients, memory or network inspection, or browser developer tools to read, forge, or unlock Coins, answers, or game data. Ordinary decoding and research tools used on the clues themselves are allowed.
3. Exploited a bug, leak, or unintended access to a solution instead of reporting it to hunt@farworld.gg.
4. Tried to access unreleased content, Sponsor's systems, or another participant's account.
5. Bought, sold, traded, or received answers, Coins, accounts, or prize rights, or got answers from anyone with insider access.
6. Colluded with others, pooled progress, or agreed to share prizes. Discussing and solving puzzles together in public communities, chats, and social media is allowed and expected. Each account must be played only by its holder, who alone submits its answers.
7. Harassed, threatened, or doxxed anyone, or acted in a way that is unsafe, unlawful, or harmful to Remix or the community.
8. Gave false information, including about age, residence, or identity.
9. Created or used fake, duplicate, or purchased accounts, referred themselves, or arranged sign-ups to earn or redirect a Referral Bonus.

Participants who report a significant exploit before using it may receive a recognition award at Sponsor's discretion. A report does not entitle anyone to a Contest prize.

7. Winner Determination

The Champion is decided only by skill, using Sponsor's server records. Placement Prizes are awarded by a random drawing weighted by Coins collected.

1. **Champion.** The first eligible participant to have all 60 Coins recorded on their account by Sponsor's servers.
2. **Placement Prize drawing.** The nine Placement Prizes are awarded by the drawing described below.

Tie-breakers (skill only, never chance): Server times recorded within 10 seconds of the earliest time among the participants competing to be Champion count as a tie. Ties are broken by (a) fewer incorrect answer submissions across the Contest; then (b) a timed tie-breaker puzzle given to the tied participants, scored on correctness and then completion time; then (c) further tie-breaker puzzles, scored the same way, until the tie is broken. Sponsor may require any tie-breaker puzzle to be completed on a live video call with a Sponsor representative watching. No random drawing will be used to decide the Champion.

If no participant has collected all 60 Coins by 11:59:59 p.m. ET on November 30, 2026, the Champion is the eligible participant with the most Coins when the Contest Period ends. Ties are broken first by the earlier server time at which the tied participants reached that total, then by the tie-breakers above.

Placement Prize drawing. Within 7 days after the Contest Period ends, Sponsor, or an independent administrator it appoints, will select nine winners at random from all eligible entries, using a computer-generated random selection whose record is kept. The first participant selected wins the 2nd place prize, the second wins the 3rd place prize, and the next seven win the 4th through 10th place prizes.

1. **Entries.** Each eligible participant receives one entry for each Coin recorded on their account by Sponsor's servers when the Contest Period ends, up to 60 entries. A participant with no Coins has no entries unless they use the free alternate method below.
2. **Free alternate method of entry.** Any eligible person may receive one entry, without playing, by emailing hunt@farworld.gg during the Contest Period with the subject "Missing Bitcoin Entry" and their Remix username. By submitting an alternate entry, the person agrees to these Official Rules. Limit one alternate entry per person. An alternate entry has the same chance of winning as an entry earned through a Coin.
3. **Odds.** The odds of winning depend on the total number of eligible entries received.
4. **Who is excluded.** The Champion is not eligible for a Placement Prize. Residents of New York and Florida are not eligible for Placement Prizes, but may win the Champion Prize. Each person may win only one Placement Prize.
5. **Forfeits.** If a selected participant is ineligible, does not complete verification under Section 9, or forfeits the prize, Sponsor will select an alternate at random from the remaining eligible entries.

8. Prizes

Total value of all prizes: **up to US\$169,500.**

Champion Prize. The Champion receives the lesser of one (1) bitcoin (BTC) or US\$100,000. The prize is valued at the Coinbase BTC-USD price at the moment Sponsor's servers record the Champion's 60th Coin, or, if no one collects all 60 Coins, at the end of the Contest Period (the "Valuation Time"). If one BTC is worth more than US\$100,000 at the Valuation Time, the Champion receives US\$100,000 worth of BTC or US\$100,000 in cash. Maximum value: US\$100,000. Approximate value: US\$81,000 as of October 23, 2026. The actual value depends on the price of bitcoin at the Valuation Time and may be higher or lower, up to the maximum.

Placement Prizes. Nine prizes, awarded by the drawing in Section 7:

Place	Number	Amount each	Total
2nd place	1	\$7,500	\$7,500
3rd place	1	\$5,000	\$5,000
4th–10th place	7	\$1,000	\$7,000
Total	9		\$19,500

Referral Bonus: recruit your friends. If they win, you win. Every entrant gets a personal referral link in the Remix apps. Share it with as many friends as you like. If a friend who joined Remix through your link becomes the Champion, you receive the lesser of one-half (½) bitcoin or US\$50,000, valued at the same Valuation Time and paid in BTC or cash in the same way. Maximum value: US\$50,000. Approximate value: US\$40,600 as of October 23, 2026.

1. Only one Referral Bonus is awarded: to the person who referred the Champion. If the Champion was not referred by anyone, no Referral Bonus is awarded.
2. A referral counts only if the friend created a new Remix account through the referrer's link on or after the start of the Contest Period. Sponsor's servers record the referrer when the account is created, and it cannot be changed later. Each account has at most one referrer.
3. The referrer must hold a Remix account in good standing, have accepted these Official Rules, and meet every eligibility requirement in Section 3. The referrer does not need to play. The referrer must be at least 18 years old and the age of majority where they live.
4. The Referral Bonus is not available to referrers who live in New York or Florida, in an Excluded Territory, or anywhere it is prohibited or restricted by law. If the Champion's referrer is not eligible for any reason, no Referral Bonus is awarded and it does not pass to anyone else.
5. The referrer and the Champion must be different people, and they may not live at the same address. Sponsor checks this using the proof of residence collected under Section 9. A person cannot refer themselves, including through a second account. Sponsor may treat accounts linked to the same person by identity, device, payment details, or verification documents as one person. Referrals made through fake, duplicate, or purchased accounts do not count and break Section 6.
6. The Referral Bonus does not change the Champion Prize. A referrer must complete winner verification under Section 9 before payment.

Placement Prizes are paid in US dollars by bank transfer within 45 days after the winner is verified. The Champion Prize and Referral Bonus are each paid within 45 days after the winner is verified, in BTC to a wallet address the winner controls or, at the winner's choice and where lawful, in US dollars by bank transfer. A prize paid in BTC is the BTC amount fixed at the Valuation Time, less any amount required to be withheld. A prize paid in cash is the US-dollar value fixed at the Valuation Time. Sponsor will screen the wallet address and may pay in US dollars instead if it reasonably believes the address is subject to sanctions or linked to unlawful activity. The winner bears all market risk after the Valuation Time and any network fees, and the prize's value for tax purposes is its US-dollar value at the Valuation Time. A prize won by a Minor is paid to the Parent, in US dollars. Prizes cannot be transferred or assigned. No

substitution is allowed, except that Sponsor may substitute a prize of equal or greater value. Remix Bits, achievements, cosmetic items, and badges earned in the Contest have no cash value and are not prizes under these rules.

9. Winner Verification

Potential winners, including a referrer who may receive the Referral Bonus, will be notified through the email address on their Remix account and in the app. A potential winner must respond within 7 days and return the following within 14 days of notification: a signed Declaration of Eligibility and Liability/Publicity Release (where lawful) confirming that the winner has read and accepted these Official Rules; government photo ID; proof of residence; and IRS Form W-9 or W-8BEN as applicable. If the potential winner is a Minor, the Parent must sign the Declaration for themselves and on the Minor's behalf, provide their own photo ID and proof of residence along with the tax form required for the Minor, and show proof of their relationship to the Minor. Sponsor may review account, device, and gameplay logs to confirm that play was fair, and may ask a potential winner to walk a Sponsor representative through their solutions on a live video call. Residents of Canada must also correctly answer a time-limited mathematical skill-testing question without help. If a potential winner does not respond, is found ineligible, or does not comply, the prize is forfeited and goes to the next eligible participant under Section 7.

10. Taxes

Winners are responsible for all taxes and fees on their prizes. Sponsor will issue IRS Form 1099-MISC to US winners whose prizes total \$2,000 or more in the calendar year, and IRS Form 1042-S to non-US winners as required. Sponsor will withhold taxes where the law requires, including 30% US withholding on prizes paid to non-US persons unless a treaty applies. Winners outside the US are also responsible for any taxes, duties, or reporting their own country requires, and Sponsor will withhold where local law requires it. Except as provided in Section 8, prizes are paid in US dollars. Currency conversion and bank fees are the winner's responsibility.

11. Publicity

Where the law allows, accepting a prize grants Sponsor permission to use the winner's Remix username, avatar, first name, last initial, city/state or country, likeness, and statements about the Contest in advertising and promotion, without further pay. Sponsor will not publish a winner's full legal name or exact location without their consent. For a Minor, Sponsor will use only the Minor's Remix username, avatar, and country, unless the Parent agrees in writing to more.

12. Conditions and Release

By entering, participants release and hold harmless Sponsor, its parents, affiliates, subsidiaries, and their officers, directors, employees, and agents (the "Released Parties") from all claims, losses, and damages arising from participation, from off-platform research, or from acceptance or use of a prize, except where the law does not allow such a release. The Released Parties are not responsible for: lost, late, or

misrecorded entries or progress; network, device, server, or app-store failures; errors in Contest materials; or any third-party website or tool a participant chooses to use.

If the Contest cannot run as planned because of a virus, bug, tampering, fraud, a technical failure, or any cause beyond Sponsor's control, Sponsor may modify, suspend, or end the Contest. In that case, Sponsor may award prizes based on the Coins and progress recorded before the problem began. Notice will be posted on the Contest Site. **Anyone who deliberately tries to damage the Contest or Remix, or to undermine its legitimate operation, may be violating criminal and civil laws, and Sponsor may seek damages to the fullest extent the law allows.**

13. Disputes and Governing Law

These rules are governed by the laws of the State of Colorado, without regard to conflict-of-law principles. Any dispute arising out of or relating to the Contest or these rules will be resolved under the dispute resolution section of the Remix Terms of Service, including its agreement to arbitrate individually before JAMS and its class-action waiver. Remedies are limited to actual out-of-pocket costs of entering, which are none, and never include attorneys' fees, except where the law forbids such limits. Neither the out-of-pocket limit nor the release in Section 12 applies to a verified winner's claim for payment of a prize they won. Nothing in these rules removes any mandatory consumer right a participant has under the law of the country where they live. For example, arbitration and class-action waivers may not bind consumers in the EU or UK. Where these rules conflict with the Remix Terms of Service, these rules govern the Contest. If these rules are translated, the English version controls to the extent local law allows. A Parent who agrees to these rules on a Minor's behalf is bound by them as well.

14. Privacy

Personal information collected for the Contest is used to run it, verify eligibility, pay prizes, and meet legal obligations, as described in the Remix Privacy Policy at remix.gg/legal/privacy-policy. Verification documents are kept only as long as tax and legal rules require. Participants in the EU, UK, and other jurisdictions have the data rights described in that policy. Sponsor collects verification documents for a Minor from the Parent, and does not knowingly collect personal information from anyone under 13.

15. Winners List and Rules Requests

The winners list (username and prize) will be posted on the Contest Site within 30 days after verification. For a copy of these rules or the winners list, email hunt@farworld.gg or write to 1500 N Grant St, Ste R, Denver, CO 80203 by December 31, 2026.
